DETAILED ACTION

1. The amendment filed 4/3/06 has been entered. Claims 2, 3 and 8 have been canceled. Claims 1, 4-7 and 9-17 are pending in the application.
2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
4. Claim 8 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 8, as amended, recites the limitation “The ink recordable substrate coating composition of claim wherein the anionic polyurethane” in lines 1-2 but fails to include a claim number from which it depends. Hence, the claim lacks antecedent basis for the terms “The ink recordable substrate coating composition” and “the anionic polyurethane”.

Allowable Subject Matter

5. Applicant's arguments, see pages 8-9, filed 4/3/06, with respect to Pekala and Tang have been fully considered and are persuasive. The rejections recited in paragraphs 4-5 of the prior office action have been withdrawn.
6. Claims 1, 4-7 and 9-17 are allowed.
7. The following is a statement of reasons for the indication of allowable subject matter: the closest prior art references, Pekala and Tang, do not teach or render obvious a coating composition having a pH less than 7 and comprising an aqueous solution of a nitrogen

containing polymeric dye fixative compound and an aqueous polyurethane dispersion comprising one of the claimed anionic polyurethanes.

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
